

Direct Deposit Help Tips

1. Direct deposit is set up through your employer. With a copy of a voided check or a deposit slip, most employers can deposit your paycheck directly into your Inspirus Credit Union, a division of Gesa Credit Union, account. (Your voided check or deposit slip will be used to ensure your paycheck is routed to the Credit Union through the Transit Routing number, and directly into your account through the encoded checking account number.)

2. If you only have a Savings account with us, you can still use direct deposit. Please provide your payroll office with:
 - Inspirus Credit Union Transit Routing # – 325082266
 - Your membership account number followed by your two-digit share ID number (as shown on your statement).

3. Plan ahead. It typically takes two pay periods for your employer to complete the change in your direct deposit, so you may receive a paper check in the interim. Check with your payroll administrator for specifics. Contact us by phone, during regular business hours, at **888.628.4010** or email us at **accounts@inspirusCU.org**, if you have questions.
