

## How to log in for the first time on the Inspirus App

# Download the Inspirus App

Get all the digital banking features you would expect in the palm of your hand:

- Check account balances
- Move money between accounts
- Make mobile deposits
- Find surcharge-free ATMs nationwide
- And more!

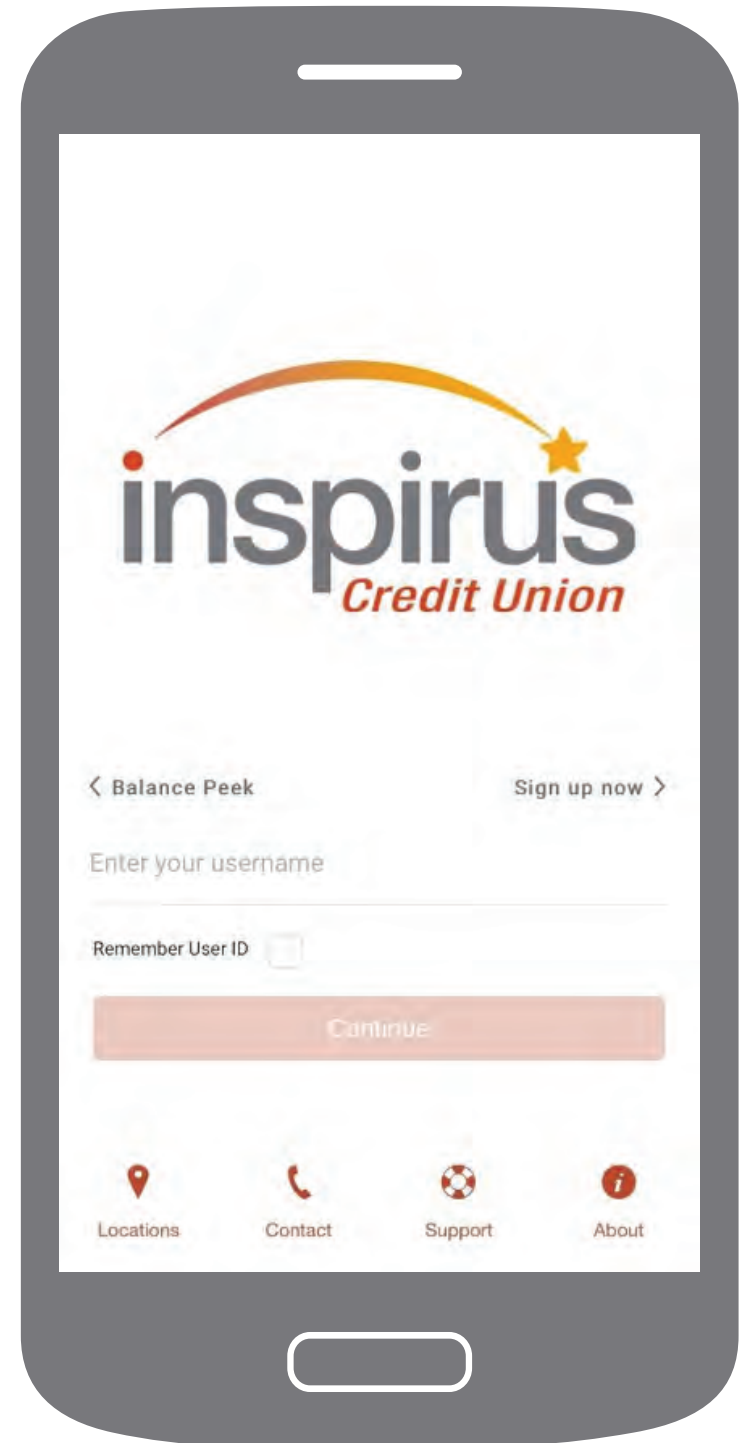

*Click for next steps*

# Step 1:

## Open the app on your device

Enter your username and click continue.

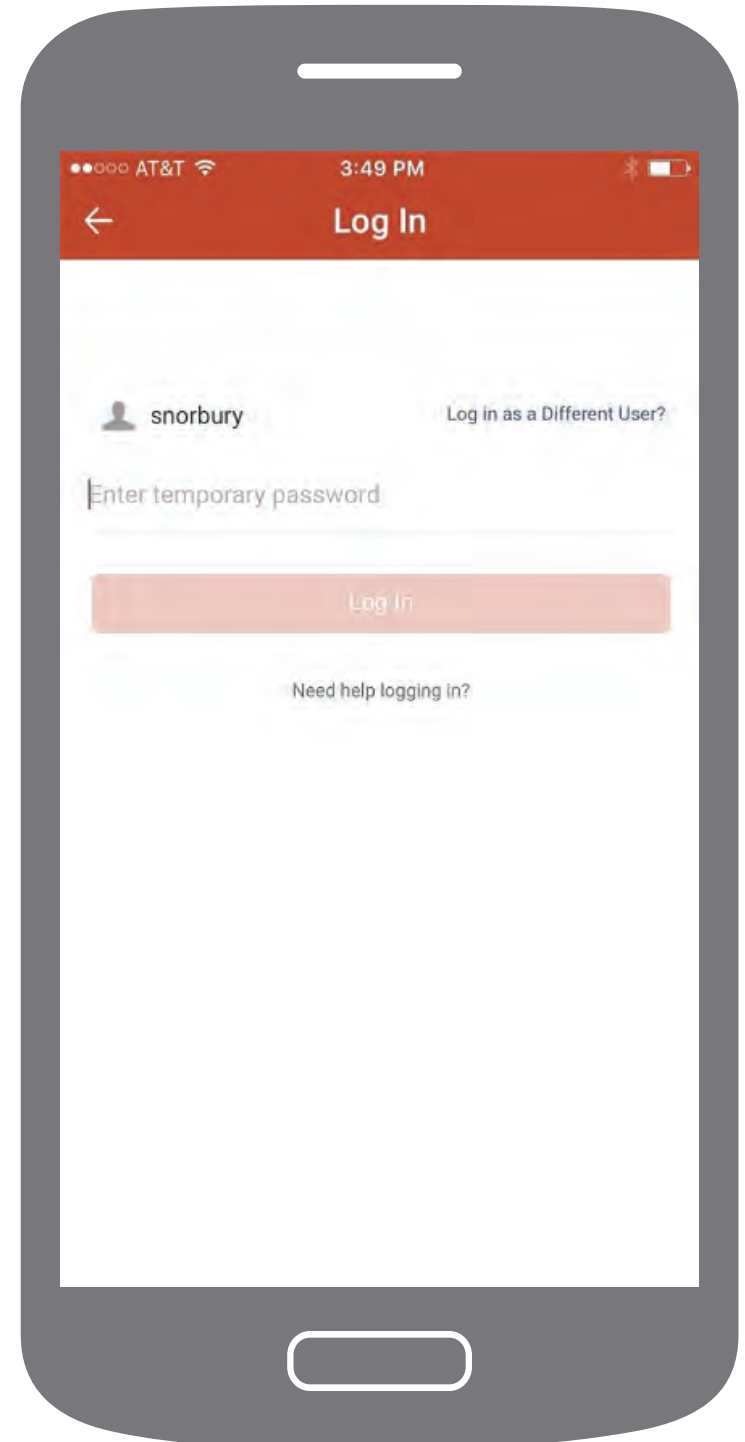

If you've already logged in on your desktop or mobile browser, you'll skip the setup process and go right to your dashboard.

# Step 2:

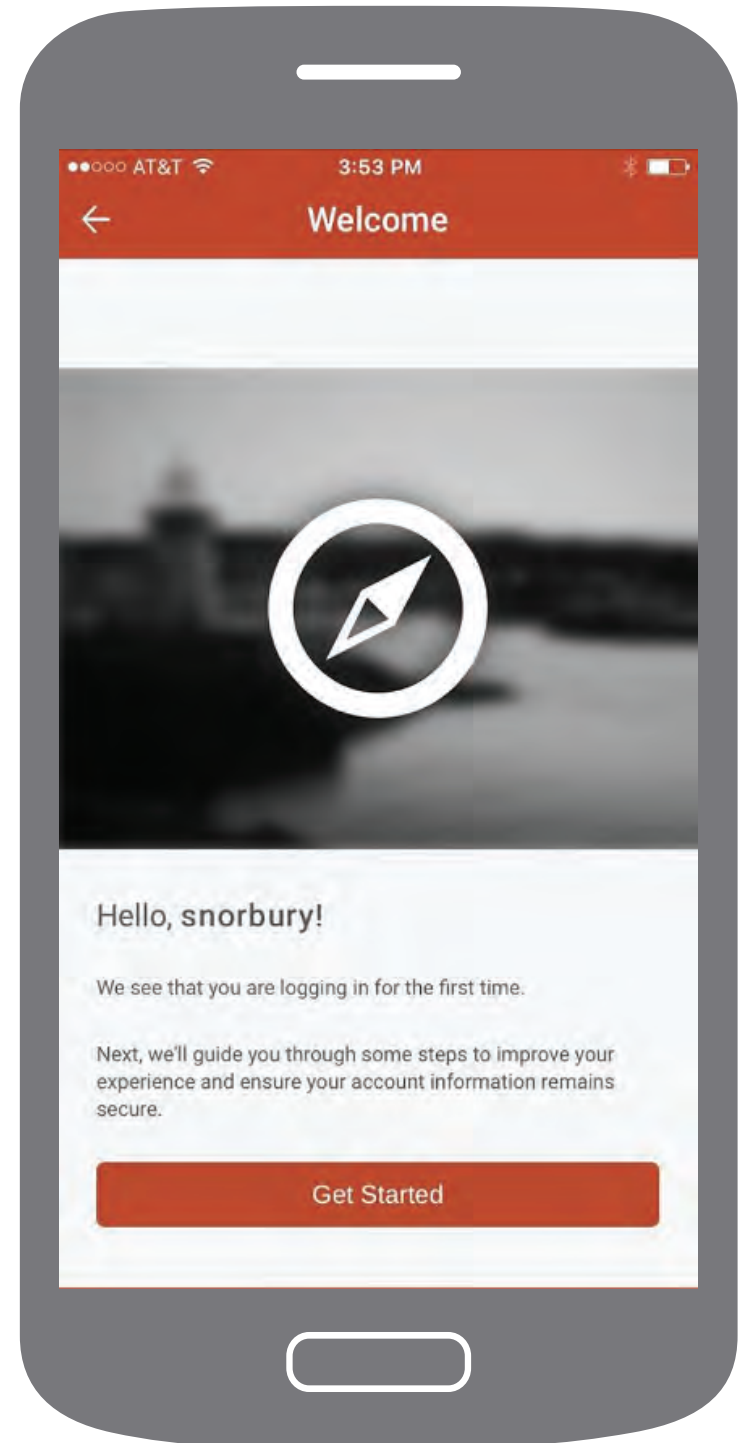

## Enter your temporary password

Your temporary password is the last 4 digits of your Social Security Number plus the year you were born (e.g. 12342017).

# Step 3: Get started

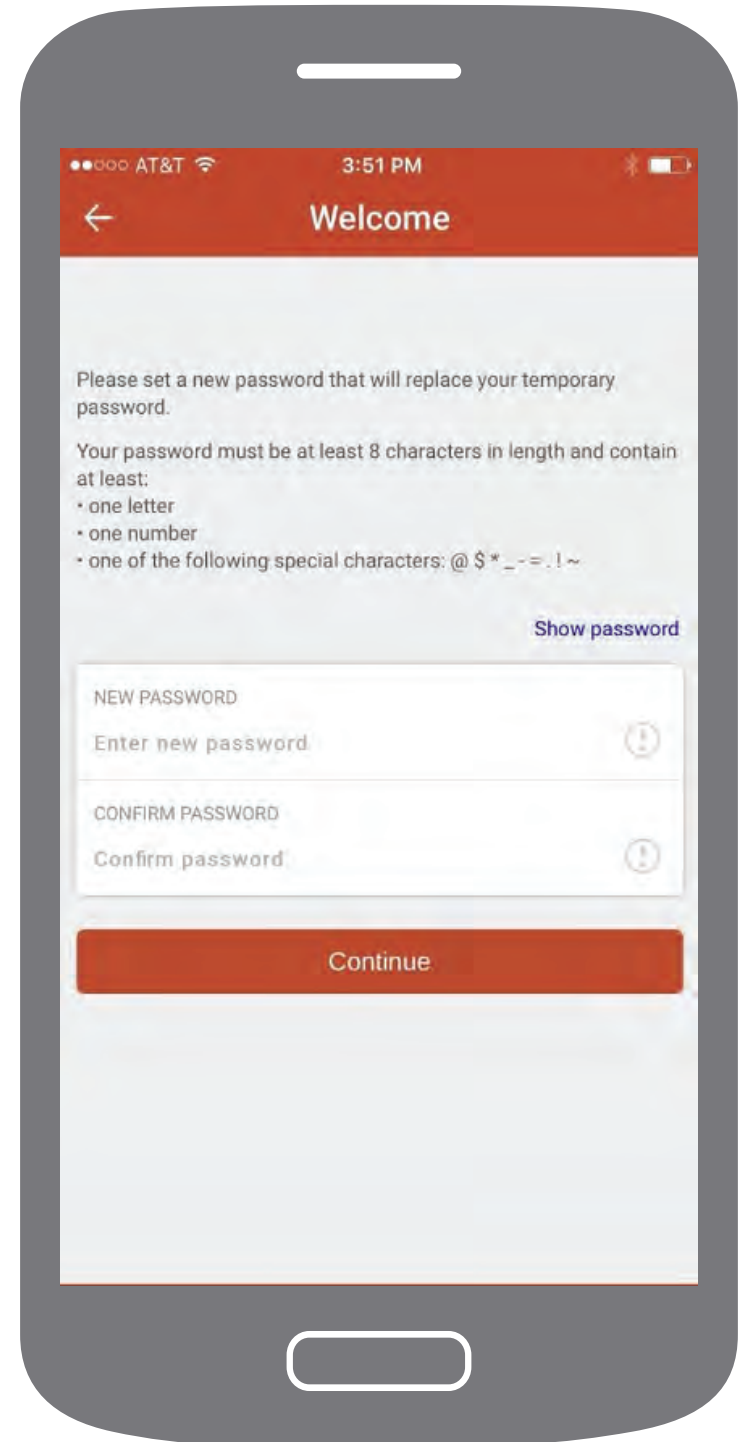

After you have logged in with your temporary password, the Welcome screen appears, acknowledging that you have logged in for the first time and prompting you to continue the log-in process.

# Step 4: Create a password

Your new password must be at least 8 characters in length and contain at least:

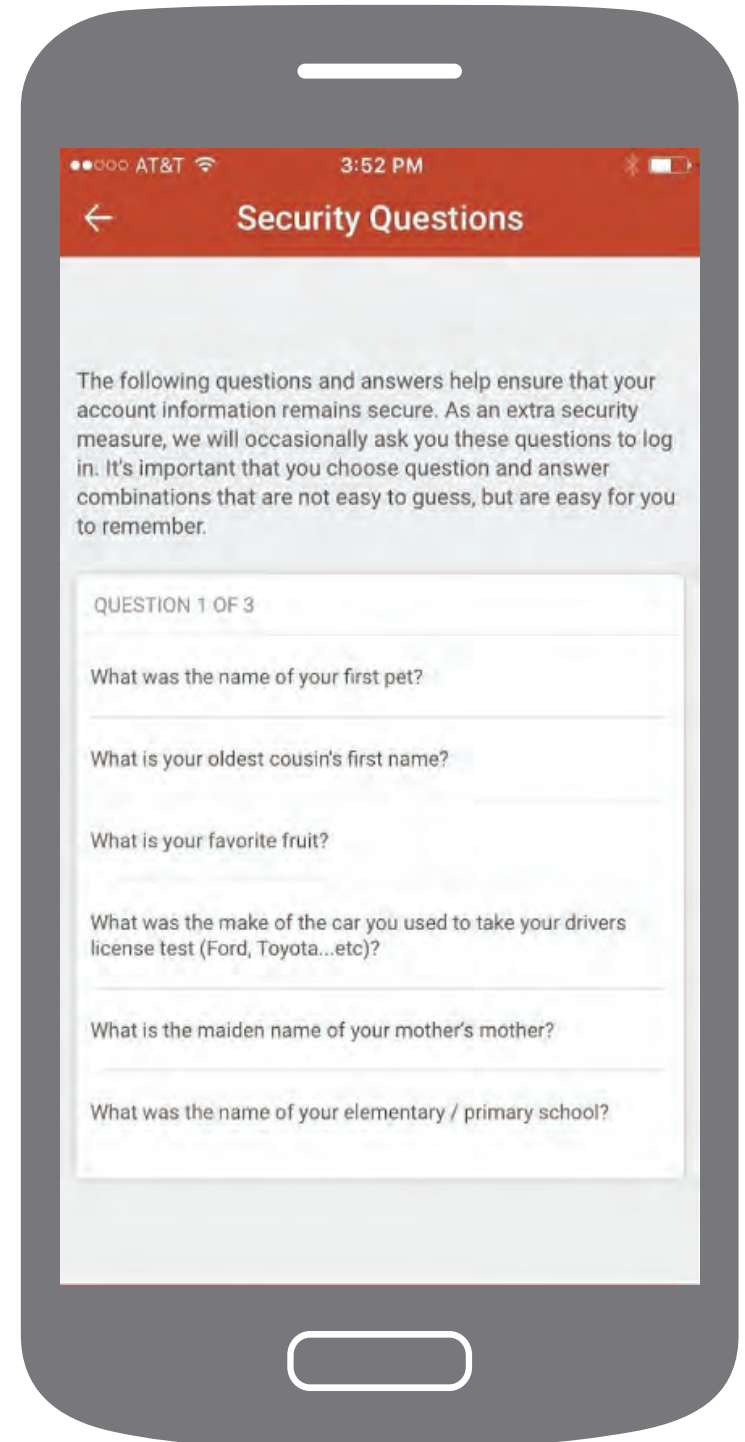

- One letter
- One number
- One special character: @ \$ \* \_ - = . ! ~

# Step 5: Select three security questions

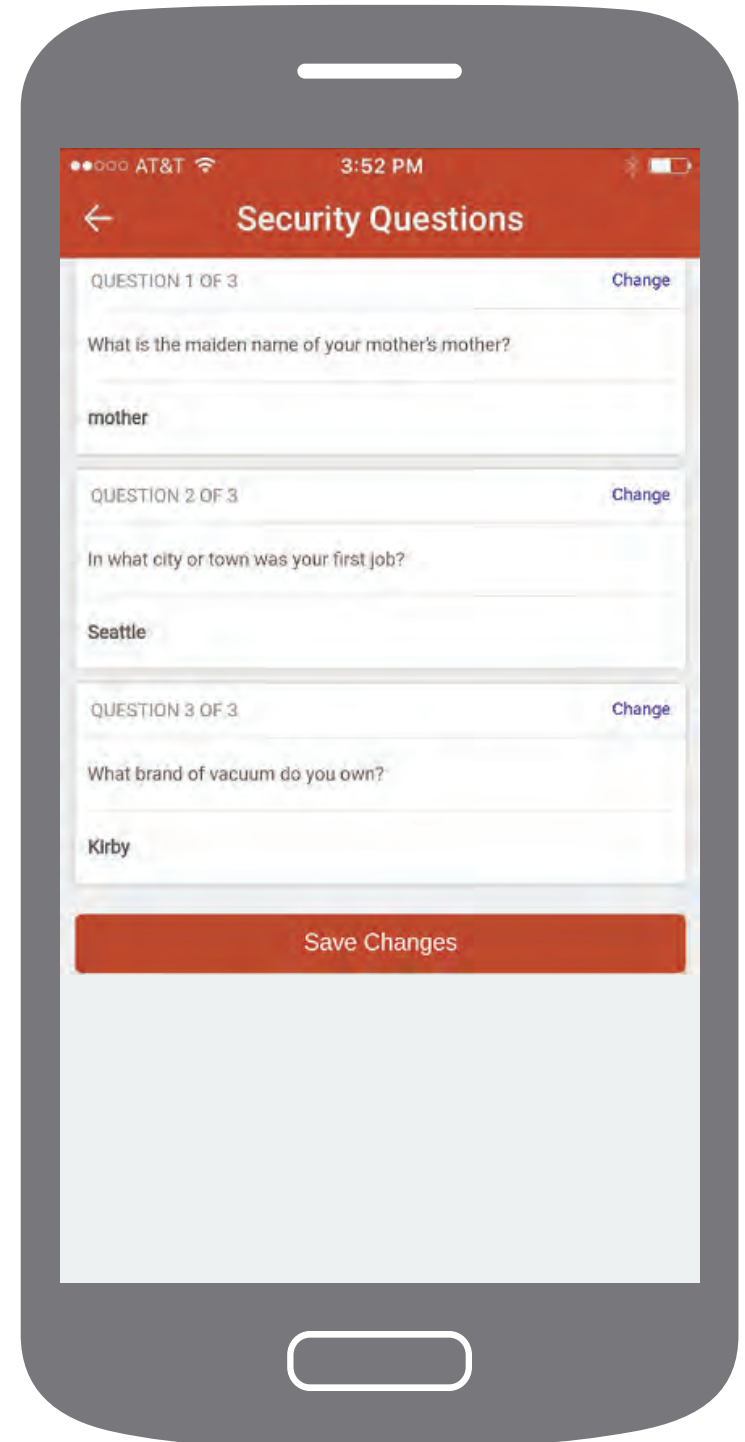

Select one question at a time and enter the answer for each question.

These questions are used to verify your identity when logging in from an unfamiliar device, so make sure you choose questions you can easily remember.

# Step 6: Review questions

Once you have answered all three of your questions, you will be able to review and change any of them if necessary.

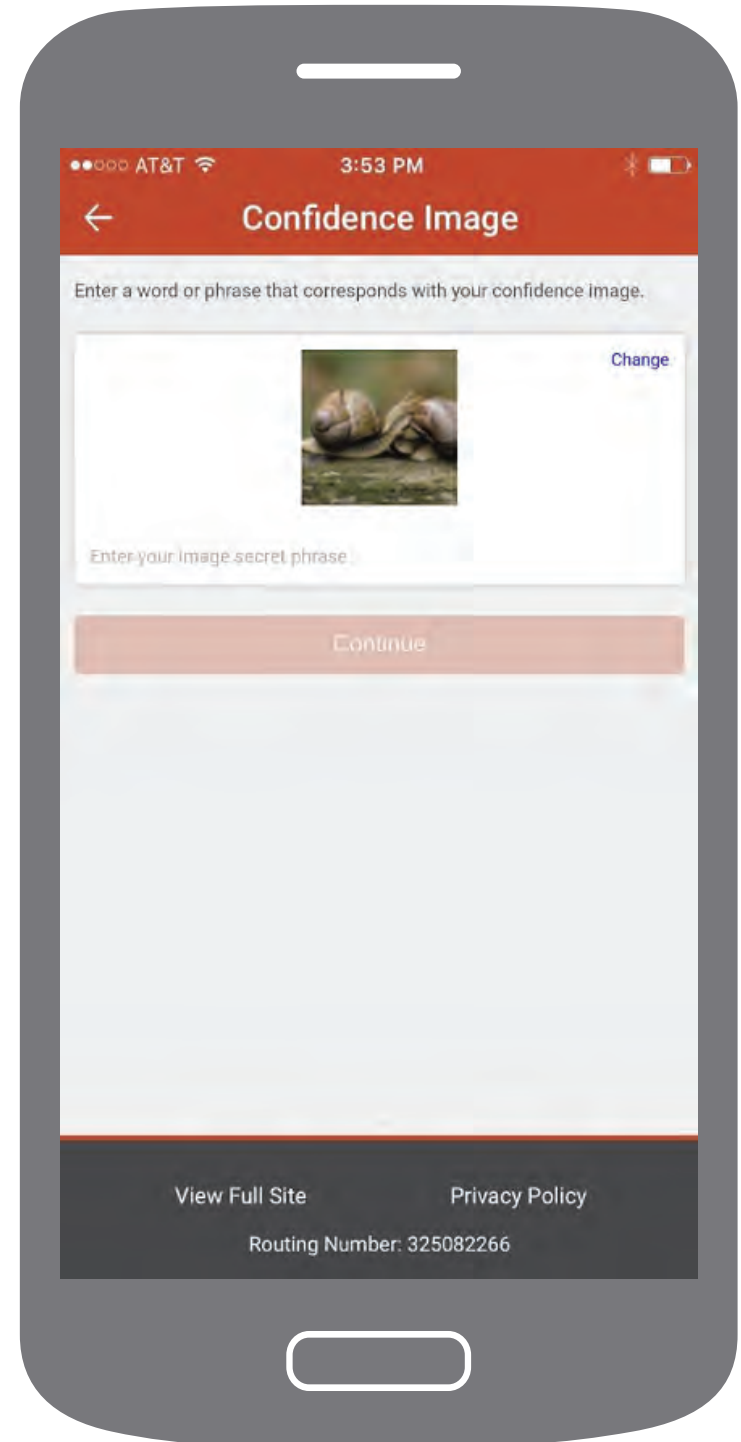

# Step 7:

## Select a confidence image & secret phrase

Choose an image from our extensive collection. Then, enter a corresponding secret phrase.

1 2 3 4 5 6 7 8 9 10

# Step 8: Syncing your accounts

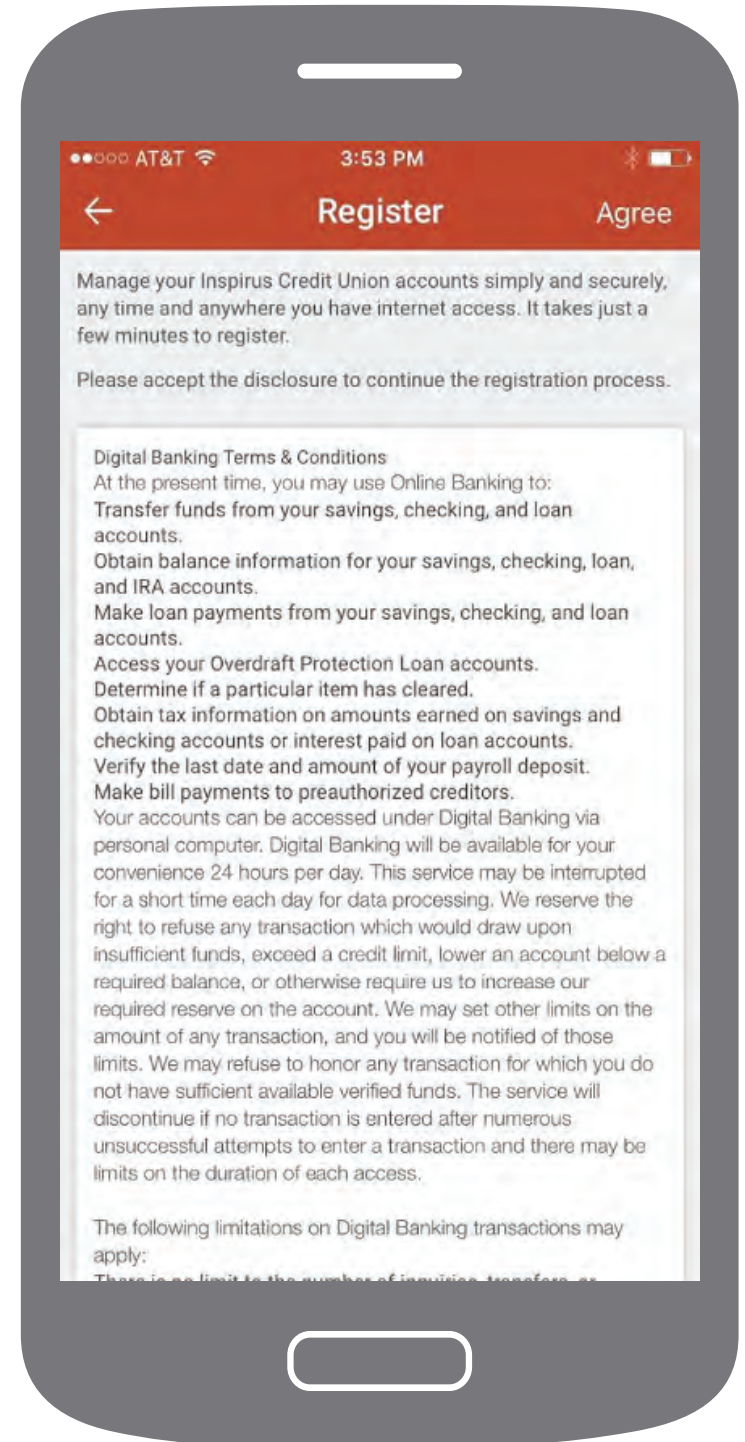

Your screen will go blank while  
your accounts are being synced.

# Step 9:

## Read and agree to the Terms & Conditions

Click “Agree” in the top right corner to continue.

# Step 10: Welcome!

- Set up **Balance Peek** to take a quick look at balances without even logging into the app. *(Of course, we recommend that you use your smartphone's security when enabled!)*
- Make **money transfers** to other members, external accounts, or friends and family.
- **Find ATMs** that are local and surcharge-free.
- Easily **deposit checks**.
