

Children's Online Privacy Protection Act (COPPA)

The Children's Online Privacy Protection Act (COPPA) was passed to give parents increased control over what information is collected from their children online and how such information is used. The law applies to websites and services directed to, and which knowingly collect information from, children under the age of 13. Gesa Credit Union's website and online services are not directed to children under the age of 13, nor is information knowingly collected from them. For additional information on COPPA protections, visit the [Federal Trade Commission](#) website.

California Online Privacy Protection Act (CalOPPA)

CalOPPA is the first state law in the nation to require commercial websites and online services to post a privacy policy. The law's reach stretches well beyond California to require a person or company in the United States (and conceivably the world) that operates websites collecting personally identifiable information from California consumers to post a conspicuous privacy policy on its website stating exactly the information being collected and those individuals with whom it is being shared, and to comply with this policy. Click [here](#) for more information.

According to CalOPPA we agree to the following:

- Users can visit our site anonymously
- Once this privacy policy is created, we will add a link to it on our homepage or as a minimum on the first significant page after entering our website.
- Our Privacy Policy link includes the word 'Privacy', and can be easily be found on the page specified above.
- Users will be notified of any privacy policy changes:
 - On our Privacy Policy Page
- Users are able to change their personal information:
 - By logging into their account
