

Giving back to you with 7.00% APY savings and checking

THIS MONTH, a good thing got even better. We raised our ADDvantage savings and checking dividends to 7.00% APY* on the first \$500 in both accounts. That's our highest yield in years and, in an informal survey of Northwest banks and credit unions, the best rate we could find anywhere! (Remember, you get this great rate automatically, simply by using automated deposits and eStatements.) What's more, we've increased our standard savings and checking dividend rates for *all* account holders.

The rate boost does more than just put extra money in your pocket. It speaks to the power of secure, stable growth spurred by our shared commitment to giving back to education.

- **Communities win** when we share our time and talents.
- **Kids win** when we fund classroom needs that would otherwise go unmet. ((255266))
- **Members win** when they connect with our mission, use our services, and spread the word to their friends and family.

As we enter spring – the season of growth and renewal – we can't think of a better time to bring this 7.00% APY giveback to members. You'll also recall that last month, we kicked off Apple Pay and finalized partnerships with Costco and Enterprise to help members get the very best deals on new and used cars.

In the months ahead, we'll celebrate 80 years of serving members with plans to introduce a newly redesigned website and the opening of our Lynnwood branch (page 3). Stay tuned for more details as we continue our journey guided by strength, stability, and shared values.

Forward!

Scott Adkins,
President & CEO

*APY = Annual Percentage Yield

All members who make recurring monthly direct or payroll deduction deposits to their savings account or checking account and receive eStatements for those accounts will earn 7.00% APY on any amount up to \$500 in their savings account and 7.00% APY on any amount up to \$500 in their checking account. For amounts over that, they'll continue to earn the credit union's regular competitive rates. The benefit will be limited to one savings and one checking account receiving eStatements and direct deposit/payroll deduction per primary account holder. For members with multiple savings and checking accounts, the rate will be applied to the accounts that have been open the longest. Youth accounts (M3 Money Club, Elements of Money, and e-Visions) qualify without automated deposits. Specialty accounts like IRAs and UTTMA trusts are ineligible. Terms and conditions of this program are subject to change without notice. Please contact us during regular business hours for details.

‘Financial Yoga,’ aka stretching your hard-earned dollars

DID YOU KNOW that most people’s spending habits fall into one of three categories? They’re either:

- **Emotional spenders** who make a decision and then go looking for facts to back it up (“I deserve this morning coffee because I work hard.”);
- **Unconscious spenders** who spend money automatically out of habit (“I go to the espresso stand every morning.”); or
- **Conscious spenders** who take a moment to consider alternatives to the purchase (“Do I even want coffee today?”).

If you’re a conscious spender, congratulations! That’s who we all want to be. To get there, financial experts recommend we learn to separate “needs” from “wants,” eliminate unnecessary spending, and create a plan. That means tracking spending and getting the whole family involved.

You can find out how to do that and much more when you bring a **FREE Inspirus financial seminar** to your workplace or service organization. Our Education & Community Representatives are happy to schedule classes any time that works best for you. The seminars are just one more way Inspirus gives back to education. ((71620))

Besides Financial Yoga, these topics are available: home-buying, understanding your credit report, and cutting your risk of identity theft. To find out more, contact us at marketing@InspirusCU.org.
